

Introduction to the Website

From the Home Page you can access all areas of the website. You have a personal Gallery where you can display up to 20 photographs. You can contribute to Club Galleries, and you can post photographs and invite comments in the Showcase gallery.

You can post a bulletin message to all members which will not be seen by non-members visiting the site. You can check the programme of events and see the competition results.

The home page also alerts you to recently uploaded photographs and comments.

The screenshot shows the website for the Berwick & District Camera Club. The header features the club's name in large white and red letters. Below the header is a navigation menu with links for HOME, CLUB, PROGRAMME, NEWS, RESULTS, GALLERY, SHOWCASE, BULLETINS, and LOGOUT. A secondary navigation bar includes links for My Account, Manage Gallery, Manage Showcase, Manage Bulletins, Competitions, and a personalized welcome message for Paul. The main content area is divided into several sections: 'VISIT OUR EXHIBITION' featuring a poster for the 'PHOTO EXHIBITION Coffee and Cakes' by the Berwick Camera Club, scheduled for September 11th and 12th; 'RESULTS GALLERY' displaying a grid of four photographs; 'NEXT MEETING' listing the date as Tuesday, 7th September 2021, for a welcome evening; 'RECENT COMMENTS' showing snippets of user feedback; 'RECENT UPLOADS' with a row of four small photo thumbnails; 'WELCOME TO BERWICK & DISTRICT CAMERA CLUB' providing introductory text about the club's activities and meeting schedule; and 'CLUB NEWS FEED' with a list of recent news items, including an AGM, a competition, a workshop, and a photo evening. A 'More' link is located at the bottom right of the news feed.

If you click on 'Manage Gallery' you will get a screen like this. It tells you how many of your permitted 20 pictures you have already uploaded.

It allows you to edit or delete them so you can change the content, and you can choose the order in which they are displayed. Click on the Green Plus symbol to add a picture.

But first make sure that you image is currently sized or it will not upload. In your gallery photographs cannot exceed 800px along their longest side.

Club

We are a small and friendly club with members of all ages. The programme includes talks by talented photographers, workshops and information on how to improve your photography, and competitions for prints and projected images. If you are interested in joining you are welcome to come along for a week or two before needing to pay any membership fees.

You don't need any experience or a fancy camera - many of us take pictures on our phones!

Meetings are held in the Village Hall, East Ord on Tuesday evenings at 7.30pm. We usually finish around 9.30pm. It is also possible to join most meetings over Zoom if you are not able to attend in person.

The season of regular meetings runs from September to March but over the summer we arrange outings to go out taking photos together. These are usually on the second Sunday of each month and the last Tuesday of each month. Details will be posted on the website

Fees:

- Adult: £45.00
- Under 18: £10.00

Do come along to a meeting or email berwickcameraclub@gmail.com for more information

Powered by Camera Club Websites

If you need a way to resize your images we have included a link to a site that can quickly do this for you.

Choose 'Club' from the options at the top of the home page and you get this screen.

Meet the members displays a list of members and has a link to allow you to message someone. The competition rules can be accessed from here and you can read the club's safeguarding policy. We have links to some helpful resources for Lightroom, Photoshop and Affinity and you can find out how to pay your subscription.

Also, ***How to Resize your images.***

Going back to Manage Gallery, you are able to upload your photos once they are the correct size.

Click on the Green Plus symbol.

You need to give your photo a title and choose the picture you want to upload.

You can choose whether or not you want people to be able to comment on it.

Once you have selected your picture, click Upload.

The screenshot shows the website for the Berwick & District Camera Club. The header features the club's name in large white and red letters. Below the header is a navigation menu with links for HOME, CLUB, PROGRAMME, NEWS, RESULTS, GALLERY, SHOWCASE, BULLETINS, and LOGOUT. A secondary navigation bar includes links for My Account, Manage Gallery, Manage Showcase, Manage Bulletins, Competitions, and a welcome message for Paul. The main content area is titled 'Create Gallery Image' and contains a form with the following elements:

- A 'Title' input field.
- A 'Gallery Image' section with a 'Browse...' button, a text box showing 'No file selected.', and an 'Upload' button. A red arrow points to the 'Upload' button.
- File upload specifications: 'Files must be less than 20 MB. Allowed file types: png gif jpg jpeg. Images must be no larger than 800x800 pixels.'
- 'Comment settings' with two radio button options: 'Open' (selected) and 'Closed'. The 'Open' option is described as 'Users with the "Post comments" permission can post comments.' The 'Closed' option is described as 'Users cannot post comments.'
- A 'Save' button at the bottom of the form.

At the bottom of the page, it says 'Powered by Camera Club Websites' and features a Facebook logo.

This stage has caused some confusion. Once you have uploaded your picture you are asked to choose a square crop for it.

This does not change how the picture will be seen in your gallery, it just creates a smaller square icon to be displayed to allowed people to choose it. You can accept the suggest crop or alter it if you like and then click Save in the bottom right.

You are not cropping your actual photo, just creating a smaller icon for the website to use.

You will need to scroll down to the bottom of the gallery to find the link that lets you add your own pictures.

You can also comment on a picture here.

The gallery interface features a grid of image thumbnails. Each thumbnail includes a 'View as slideshow' link at the top. Below the image, the title, author name, and comment count are displayed. At the bottom of the grid, there is a button labeled 'Add image to this gallery' with a plus icon. Below this is a section for 'Add new comment' which includes a 'Your name' field (pre-filled with 'paul-anderson'), a 'Comment' field with a rich text editor toolbar, and a 'Path' field (pre-filled with 'p'). At the bottom, there is a 'Text format' dropdown menu (set to 'Formatted text') and a link for 'More information about text formats'.

The Showcase Gallery is used to get more detailed feedback and critique.

Pictures in the Showcase can also be larger in size – up to 1400px by 1050px.

Anybody can create and send a Bulletin that all members will receive notification of.

They cannot be seen by people who are not logged in as members.

[NEW SEASON !!!!!](#) » [chris-jary](#)

Posted on Fri 3 Sep 2021 10:57am

We are looking forward to seeing old and new friends on Tuesday to chat and catch up. It could be an opportunity to talk about gear so bring along cameras and bits to show and learn what is around.

Keep safe.

[flowers, cruise ships and strange faces](#) » [paul-anderson](#)

Posted on Wed 28 Jul 2021 11:16am

Our informal Tuesday zoom meetings continue. This week we shared the 'view from the kitchen window' and enjoyed the flowers in Annie's garden; a visit from a cruise ship; dropped in on a neighbour's BBQ; shared a drink or two with a strange bird; and saw a face appear to stick their tongue out!...

The website is also used for competitions. If you click on Competitions you will see a list of all competitions that are open for entries. It tells you when entries will close and when they will be judged.

If the competition is for projected images then this will be the means by which the judge will have access to them. Obviously print competitions require a physical print to be passed to the judge but it would be greatly appreciated if you could also upload a digital copy to the website. This allows us to display the results on the website.

Choose the competition and category that you want to enter and click Enter this Competition

[Club Competitions Terms and Conditions](#)

DEFINITIONS OF CLASSES FOR INTERNAL CLUB COMPETITIONS – SEPTEMBER 2020

PRINT AND PROJECTED IMAGE COMPETITIONS

Landscape: That portion of land, sea or sky which can be comprehended in a single view. A pictorial representation of the actual scene. The only permitted use of combined multiple images would be in the furtherance of High Dynamic Range (HDR) imagery or in the stitching together of consecutive, overlapping images to create a panorama.

Illustrative (Sometimes called Photojournalism): A picture providing an explanation of something happening, or people employed in an activity or in general movement. The only permitted use of combined multiple images would be in the furtherance of HDR imagery.

Nature: Birds, animals, fish, insects, plants, flowers and geological specimens may be entered in this class, but it is preferable that man-made objects do not appear. Close-up photography may be used provided that the subject may be identified. The only permitted use of combined multiple images would be in the furtherance of HDR imagery.

Portraiture: A picture of a person, or part of a person, especially the face. A portrait should attempt to show something of the character and/or the mood of the subject. The choice of lighting, background and mount should complement the subject. The only permitted use of combined multiple images would be in the furtherance of HDR imagery.

General: Any category of image may be included and may be digitally manipulated, including the combination of multiple images, in any manner within the skills of the photographer.

Artistic: This category includes any artistic genre, including surreal, photo-collage, e.g. 'joiners', fine art, etc. The final image may be achieved by any amount of digital manipulation.

SPECIAL COMPETITIONS

Sunday Shoot: Members take photographs at a pre-determined location (e.g. within the town walls of Berwick) for a fixed period of time, usually 2 hours, and submit up to 6 images in jpg format. Submissions are made to the competition organisers immediately after the end of the shoot, directly from the camera; no computer manipulation is permitted. Points for 1st, 2nd, and 3rd to go towards the Club Champion Competition.

Panel (Three themed images): Suggestions for the theme of the competition will come from the Committee, but be voted on by members at the AGM, or as near to that date as possible. The three images must be clearly related to each other by context (the set theme) and probably also by methodology and artistic technique. One entry as either mounted prints or digital projected images is permitted per member. For file names and sizing please see items 6, 7 and 8 of the Competition Rules. Images may be in portrait, landscape or square format, or a combination, and should be specified for judging as left, centre and right of the set of three. The most successful entries will normally take this positioning into account and employ the acknowledged norms of good picture composition across the three picture elements, as in a triptych. Points for 1st, 2nd and 3rd go towards the Club Champion Competition.

Monochrome: This competition accommodates any category of image, not just landscape, and up to 3 entries as mounted prints or projected images are permitted per member. Commonly the monochrome would be black and white but other versions (e.g. sepia) are permitted. The only permitted use of combined multiple images would be in the furtherance of HDR imagery. Points for 1st, 2nd and 3rd to go towards the Club Champion

The process for uploading your entries is the same as for the galleries.

Remember that competition entries should be resized to 1400x1050px (max)
